The following is a transcript of an interview with Pastor TD Hale from [Calvary Christian Center](#) in Galipolis, Ohio. In the interview, Pastor Hale describes the details of two dreams that he received from the Lord. The first dream was on December 28, 2011. The second dream was the very next night.

The interview was conducted on March 27, 2012 by Rick Wiles, and was broadcast on [Trunews.com](#). You can [listen to the interview here](#).

TRANSCRIPT OF THE FIRST DREAM

With the situation that we see going on in America, with the president and the administration certainly there are warning signs coming up. On December 28, 2011, I had been seeking the Lord for a word to give to our assembly. I went to bed that night just like any other night. The Lord just really dealt with me in the middle of the night concerning things that were coming.

I certainly was shocked when I saw what I saw. In the dream I began to see myself going across America. I was floating, suspended in the air going across America. I had no fear about what I was seeing. Then all of a sudden I began to see bombs had landed everywhere. The land was totally destroyed.

It looked like things were totally just wiped off, grass, trees, everything. Everything was gone, burned. There was nothing left. There was nothing on the trees. There was just total disaster. I don't know if it was everywhere but it was everywhere that I could see, from the point I was at.

When I saw this I saw people standing around their homes and things that were left, holding onto each other. I saw people that laid dead, and I heard the cries of the people saying, "This should never have happened, this should never have happened."

It was like they just kept saying it over and over again, "This should never have happened, oh Lord, this should never have happened."

You could tell that life had changed. There was no food. There was no water. I could see babies crying, grownups, men all crying, holding onto their families. They were begging God for mercy. As I moved along I saw people running, looking for their loved ones who were missing and they were completely, completely out of their minds. Insanity had taken over.

I could see people slinging themselves off of bridges, committing suicide. It was just so vivid what I could see.

Then I came over a big city that looked like Columbus, Ohio. That is when all of a sudden I saw mass hysteria, riots and all kinds of things breaking out in the streets of the city. There were windows being busted. There were people just grabbing things left and right. But when I saw it, I did not see them grabbing things like TVs and electronics. They were grabbing food. They were grabbing chips. They were grabbing water. They were grabbing anything they could get in their hands to sustain their lives. It was all about survival. I could tell that this was different from riots that we have seen in the past.

They had come into the stores by the thousands, as many as could come in. I saw them pushing shelves over and pushing electronics aside. They were trying to grab the food, the bread, the cases of water. They were seeking everything they could get for survival.

The rioters were fighting among themselves. I saw one man grab a gun out of his pocket and shoot another man right in the head.

The next part of the dream was the most startling for me. As I left that place, I was going like at the speed of light. I found myself standing on the backside of the White House. As I stood there I looked up. I heard a voice say, "Look up to the Truman balcony." I knew what a balcony was, but I did not know the balcony had a name. I did not know that there was a Truman balcony until I later shared this with a friend who told me there is a balcony by that name at the White House. In my mind, I believe the Lord identified that to let me know that my dream was from the Lord.

I saw the president of United States, President Obama, standing on the balcony and I saw in his hands a shotgun. All of a sudden, to my left hand side I heard a loud scream, real loud. When I turned my head to see where the scream was coming from I saw flying high in the air was a majestic eagle flying in the air around Washington DC. I knew that scream. I knew it was an eagle.

I saw all of a sudden the president of United States point that shotgun and shot that eagle dead and it fell to the ground. When it did I looked back up at him and he just had a smile on his face like a smirk. And these were the words I heard in the dream, "I've done it and I won't have to deal with this in my administration."

Then there was dead silence. Then I heard a voice say "Tell the people that this is my will, that this is my hand, this is the hand of the Almighty both upon the generation of the righteous and the cursed. The righteous will find their way and will know what to do. The cursed will wander around with no compass because the cup is full."

There will be people running around saying we don't understand why these things are happening, but people need to understand that God has everything under control. The Lord let me know that this is his will. This is his hand upon the righteous and the cursed and we have to accept that.

It amazes me how people have their heads buried in the sand when God is sending so many warnings to people through all kinds of His servants and yet they still will not believe. It is just like in the Bible (with ancient Israel). God sent the prophets and warned them there is going to come destruction, there's going to come to come trouble, the nations are going to come in and take over. But the people said, "No that's not going to happen, God is not going to let that happen. God won't do something like that." But then it did happen. Then the people went back to God and apologized to him and said we are sorry, but it was too late.

It is like people have fallen asleep. They don't have a prayer life. They constantly just go on as if nothing is going to happen. They act like life is going to continue on as it is, like America is going to continue on as it is, and there is no urgency. They have their heads buried in the sand, but God is saying "it is time to wake up. Things are getting ready to happen. It is going to move at a fast rate. It is time to get a prayer life back."

At that point in the dream I knew we were coming to a showdown between good versus evil. I saw people gathering in their homes and there were prayer meetings. People were praying in the spirit. Then I heard the Lord say, "Tell my servants and my handmaidens a special anointing will reside on you in the last days. Hold not back your voices but speak your hearts for out of them come the issues of life. Pick up the mantle of prayer and cover yourselves in a secret place of prayer. Your eyes will be anointed with a special anointing. There will be

others who will be blinded to my word. All things will be revealed in their due course. There will be a supernatural wave of the spirit that will come over this generation very soon.”

The final voices are in the land to speak one last time. Yet through the ministries of tapes and DVDs and books that people would have in their possession that God will give them that spiritual food to sustain them during these times that are coming upon us. The Lord said, “There are harsh days coming.”

All of a sudden, things changed in the dream and I began to hear a voice, the voice of God. I saw in front of me a very old antique table. I knew there had been documents signed on this table, special documents. I am hesitant to say this but I saw a voting ballot laying there on the table. As I looked at the ballot I saw two names on it. I saw the President’s name and I saw Mitt Romney’s name on it. Then all of a sudden I looked and I saw the president of United States name check marked. I knew then what that meant. I looked at the ballot and I saw written on the ballot, “This is the will of the Lord.” Then I woke up.

America’s days are numbered. The handwriting is on the wall. I am telling my church to be prepared and to get their house in order. I am telling them that whatever they need to do for their families do it quickly.

TRANSCRIPT OF THE SECOND DREAM

The very next night I had a second dream in which I saw the American people going into slavery. In this dream I came upon a wooded area where I saw some people that were camping. They were not camping like we normally think. They were hiding. They were all standing by their tents. There were two tents. The people looked tattered. They looked like they had not taken a bath in ages. There were gallon jugs of water and they were trying to light a fire but they didn’t want to bring attention to themselves. But they had already been found out.

I saw some federal officials coming up around and they took these families. They handcuffed the adults and took them to the cars, and they took their children with them. I also saw two elderly people and they took them and put them in the car. I saw the federal agents and they said “We are from the United States government and you are under arrest.”

I knew that these people had been running to get away from being arrested. They took these people to some kind of a processing place. I was standing in front of this building where I watched them being taken in and processed. To me, it was like I was looking at the days of Hitler again. The building looked like it had been modernized and updated and painted, but it looked tattered and things were very run down. I knew they were old military bases that had been shut down. I saw them take the people inside where they were being processed. I even saw them being fingerprinted.

I saw rail cars that came up beside this place. I did not go into the rail cars so I did not see inside them. That frightened me. It really disturbed me. I knew America was in trouble when I saw that. I knew we were headed down a path that was not going to be turned around.

I felt like I had entered into a death camp. What I saw literally sickened me. I knew that America was about to change.

MY COMMENTS

An interesting point about TD Hale is that when he saw Barack Obama for the very first time back in 2004, the Lord showed him Obama would eventually become the president. So he got that right. Also, the dreams were given to him in December 2011, which was about six months before Mitt Romney secured the Republican nomination. Pastor Hale saw Mitt Romney's name on the ballot in the 2012 election so he got that right too.

At the time of this posting, it is Nov 2, 2012. The election is now only four days away. We will know then whether or not Pastor Hale's dream is correct regarding the outcome of the election. If Obama wins then Pastor Hale's track record remains good. If not, this post will likely not stay on my site and I will be left wondering where this dream came from.

The first dream has four parts:

1. Scene One – total destruction from bombs
2. Scene Two – mass riots in a large city in America
3. Scene Three – President Obama shooting the American eagle
4. Scene Four – election ballots with Obama winning re-election

Since we are just four days away from the election, it is safe to say the scenes are not in chronological order. In fact, my guess is they are in reverse chronological order. So my comments are listed below in reverse order.

Scene Four: This is very straightforward, Obama gets re-elected. The current polls show the race is very close. We will know in a few days whether or not the dream was accurate.

Scene Three: At some point after the election, Obama completes his destruction of our constitutional form of government and the freedoms we enjoy. It sounds like Obama will take over as a dictator at that point.

Scene Two: Many other prophetic voices have already warned about mass riots coming to America including John Paul Jackson, Terry Bennett, Shane Warren, and others. The dream did not provide any details on the timing, which is why it is important to note that John Paul Jackson connects the riots with the election. He said the riots would come because there was going to be such a furor over

the election and over the fact that the American dollar has become worthless. The riots ultimately lead to martial law in many parts of America, with most of the violence and suffering concentrated in large urban areas. If you are living in the downtown area of a large city it would probably be a good idea to move out to a rural area. It would also be a good idea to stock up on canned foods, rice, beans, water, batteries, cash, and things like that. It sounds like a massive disruption is coming to our food and water supplies. Rick Joyner from Morningstar Ministries says he believes the worst part of it will last about three months and in some areas it will be less than that. Grocery stores get wiped out fast in panic situations so it is important to act before the crisis starts.

Scene One: This is very disturbing. TD Hale did not know what part of the country was hit or if all of it was hit. John Paul Jackson said a dirty bomb will explode in a coastal city making it uninhabitable for over 30 years. He also saw the tunnels that run under water in a large American city were completely filled with water. Others have seen missiles striking several large cities bringing massive destruction. No dates are provided so we do not know if this happens during the Obama administration or perhaps years later or even decades later. As with any prophetic words, we only see part of the picture. It is very important to avoid drawing conclusions beyond the details revealed to us. That only leads to misinterpreting the revelation. It is clear that this is a warning to all who have ears to hear in America. God is calling us to repent of our sins and turn to Him. John Paul Jackson said the Lord told him things will continue to get worse until we do that.

TD Hale's second dream is also very disturbing. Others have shared similar words about American citizens being forced into concentration camps. It sounds similar to the horrible camps now used in North Korea and the Nazi camps from World War 2.

There are no dates provided so this might be very soon or it could also be years away. Based on other prophetic words received by other people, my guess is we have at least a few years before the concentration camps come. This is only a guess and could be way off. However, the reason I say that is because other prophets have indicated 2012 was the beginning of the great harvest of lost souls and that the harvest period would last about 12-15 years. The harvest will require lots of laborers so all believers cannot be locked up. Of course, it is also possible that concentration camps occur during the harvest season with some believers locked up while others are still free to bring in the harvest. This is the great harvest of the last days. We are blessed to live during these times. What an honor to be chosen by God to live during this awesome time.

My advice is to stay close to the Lord, just as Pastor Hale said. Spend time in prayer. Stay filled with the Spirit. Take no regard for your own life. Be bold to speak whatever God puts in your heart. Your words are life or death to those around you. God bless you fellow soldiers!
